ST. PETER'S HOSPITAL.

OBJECTS FOR WHICH ESTABLISHED.

St. Peter's Hospital is intended for persons of both sexes suffering from Stone in the Bladder and other diseases of the genito-urinary organs. Its objects are—

First.—To benefit as large a number as possible of suffering poor by affording them, without a letter of recommendation, the advantages of hospital accommodation.

Second.—To improve Medical and Surgical knowledge on this special subject, by bringing together a large number of patients afflicted with these diseases, and thus affording opportunities for observation and classification.

Third.—In persons suffering from Stone: to investigate the best means of accomplishing its removal with the least possible danger to the life of the patient, and whenever practicable to substitute Litholapaxy for Lithotomy.

REPORT

OF THE

COMMITTEE OF MANAGEMENT

TO THE GOVERNORS AND SUBSCRIBERS

For the year ending December 31st, 1934.

MY LORDS, LADIES AND GENTLEMEN,

The Committee of Management have the honour to submit their report on the work of St. Peter's Hospital in 1934.

There was a marked increase in the number of patients admitted to the wards, 895 being accommodated during the year as compared with 812 in 1933. The daily average number of beds occupied was 38·27 compared with 37·1. As the total number of established beds is only 39, two in addition being available in cases of emergency, it will be seen that the resources of the Hospital were fully utilised. Of the patients admitted, 617 were submitted to operation and 32 of these died, the remainder being cured, relieved, or discharged for further treatment in the Out-patient Department or elsewhere.

The numbers registered in the Out-patient Department were approximately the same as in the previous year, there being 1,493 new cases with 21,735 attendances, but a striking increase occurred in the work of the Departments of Pathology and Radiology as is shown by the following comparisons :—

	1933.	1934.
Pathological tests	4,782	5,929
X-Ray examinations	890	1,025

Further details are printed on pages 16 and 17.

Blood Transfusion Service.

On repeated occasions during the year, it was necessary to seek the assistance of the British Red Cross blood transfusion service, with invariable benefit to the patient concerned. Deep gratitude is due to this splendid organisation of voluntary blood donors, who are available day or night, at the shortest possible notice, to give their most valuable services in the effort to save life or relieve suffering.

Change in Staff.

During the year Mr. S. Scher, F.R.C.S., and Mr. J. E. Semple, M.D., F.R.C.S., completed their term of office as Resident Surgical Officer and House Surgeon, and Mr. J. A. Pocock, F.R.C.S., and Mr. K. B. Bridge, F.R.C.S., were appointed in succession.

The resignation of Miss M. A. Joyce, on her appointment as Matron of the County Hospital, Lincoln, was regretfully accepted by the Committee. In the performance of her duties as Matron of St. Peter's Hospital for nearly nine years, Miss Joyce spared no effort to promote the comfort of both patients and nursing staff, and displayed great ability for control and economical management. The Committee wish her every happiness and success in her new sphere of work.

The vacant office of Matron was duly advertised and from a large number of suitable candidates the Committee selected Miss K. E. Jelley, Matron of the Whitstable and Tankerton Hospital, who received her training at St. Thomas's Hospital.

Obituary.

Although it occurred after the close of the year covered by this report, the Committee have to record with the utmost regret, the death on February 18th, 1935, of their colleague Mr. James Harrington, M.I.E.E. Although he had been

associated with the management of the Hospital for only a brief period, Mr. Harrington had been most active on its behalf, and both his wide professional knowledge and genial personality will be greatly missed.

The Committee also regret to report the death on February 24th, 1935, of Mr. Irwin H. Beattie, who faithfully served the Hospital as Secretary from January 1st, 1894, to January 31st, 1924.

The Ladies' Association and Linen League.

In their constant endeavour to maintain the work of St. Peter's Hospital, and to reduce its load of debt, the Committee cordially acknowledge the active co-operation of the Ladies' Association and Linen League, and are very grateful for the untiring efforts of the members to obtain funds and further the interests of the Institution.

During the year, in addition to providing many necessitous patients with appliances and the means for obtaining convalescent treatment, the Ladies forwarded a most welcome donation of £350. The Linen League fully maintained its activities in making useful articles for the wards and operating theatre.

Portrait of the Late Mr. Edwin Fox.

The Committee are very grateful to Mrs. Edwin Fox for her presentation to the Hospital of a handsome portrait of its late Chairman, painted by Mr. S. A. Lindsay, V.P.R.M.S. By all his colleagues Mr. Edwin Fox was regarded with the highest esteem and affection, and his portrait, which has been hung in the boardroom behind the Chair he occupied for so many years, will be a lasting reminder of his devotion to the Hospital.

The late Mr. H. B. Brain.

Grateful thanks are due to the daughter of the late Mr. H. B. Brain, a Life Governor and supporter of the Hospital for many

years, for the presentation of a large solid silver tea tray to be sold for the benefit of the funds of the Institution. The Committee are considering how best to dispose of the tray, the value of which is understood to be about £40.

Charitable Bequests.

Among many to whom deep gratitude is due, the Committee wish to record special thanks to Captain Sidney Herbert, M.P., for his kind influence with the Executors of the late Mr. Michael Herbert, as a result of which a grant of £1,000 was received from the charitable estate of the Deceased.

Special attention is also drawn to the legacy of £100 bequeathed by the late Mr. Samuel Pace. On more than one occasion during the years previous to his death, Mr. Pace obtained great relief through surgical treatment received at the Hospital, and his method of expressing appreciation, by assisting to extend the benefits of the Institution to others, is as welcome as it is practical.

Receipt and Expenditure Account.

The Committee regret to report a deficit of £1,152 2 9 on the year's working, the total expenditure being £12,664 11 8, while the receipts from all sources amounted to £11,512 8 11.

The increase of £459 14 7 in the expenditure was chiefly due to additional costs under the heading of "Surgery and Dispensary" and "Establishment." The former is accounted for by the cost of treating a larger number of patients, and the additional medical tests required, while the latter includes the expense of repairing and painting the fire escape, which recurs only at intervals.

Although the nett decrease of income was £73 14 8, there was a most welcome increase in charitable receipts. Contributions made by patients towards the cost of their treatment also

showed substantial improvement. Receipts from legacies were considerably less than in 1933.

Full comparative details are printed on pages 12 and 13.

Statistical Costs.

In view of the marked increase in the activities of the Hospital the Committee feel that the statistical costs, which appear in detail on pages 16 and 17, compare favourably with those of previous years, and must be regarded as reasonable when the very expensive nature of the surgical work of the Institution is taken into consideration. The expenditure is subjected to constant supervision with the object of economising wherever possible, without detriment to efficiency.

General Situation.

Notwithstanding the constant efforts that are being made to increase income and minimise expenditure, the debt continues to grow, and at present stands at nearly £16,000. The margin of credit is thus becoming perilously low.

There is no reserve on which to draw, and the work of the Institution is maintained, almost from day to day, by charitable donations and the contributions of grateful patients.

The Committee of Management are anxiously considering what measures can be taken to make a more widespread appeal for support to reduce the heavy load of debt, and meanwhile they derive great encouragement in their difficult task from the continued sympathetic and practical interest shown by many loyal friends and supporters.

ON BEHALF OF THE COMMITTEE OF MANAGEMENT,

PATRICK KINNAIRD,

March 27th, 1935.

Chairman.
